# a twenty three.

# ICT & Business Graduate Program 2024

## Why you?

Our 12-month program is designed to enhance your skills, apply your university qualification, continually present challenges and propel your career forward at a rapid pace.  We're looking for ambition and passion.

Gain exposure to diverse technologies as you complete rotations, work with your mentor and gain certifications from Microsoft, HPE, Aruba, Fortinet, Zscaler and more. We want innovative and dedicated learners.

Your personalised program will be designed to help you achieve your goals. You will have the option to work on technical projects, business operations, sales and marketing.  Are you driven, collaborative and open?
